

we can supply kept to
a hauler at one guinea
the evening including postage
HereD letter & y
recd french circulars & some
out strings

~~But~~ I am ordering 4 A
from J.G. Fickes & Son

I am much distressed
at the length of time required
in De Drukker's case - He is the
most urgent need of it

Thank the figures - But
in spite of them I can't count
quite make out the position

are we living beyond our means?
are we spending money in harps

53 you say this year - But in spite
of the 53 purchased we seem to
short of harps - No Wright says
he has no more left!

I shall be glad if you will
clear up & put the case plainly
for me to understand
