Dear Sir,

I have taken a
Photograph of a Portrait in my
possession of Philip James Meyer
Junior. and it occurs to me that
you might ^{like} to have a copy to
place in an album. It is not
a very good photograph and when
I have some leisure time I will
try to procure a better. Meanwhile
I enclose the print.

You are interested in the
to Enard history. The following
extracts from my grandfather's notes

book you may like to see - It seems
to show they were not at first very well
off even after the double action patents -

1826

July 10 lent P. Erard for one year £100
D- 8 in Paris lent him for D- 4676 francs
his Uncle S. Erard joined security as per
note -

This has been repaid

1827 Have lent Mr P Erard for twelve
months from July as per note jointly by
him and his uncle £200 - D- lent as
per another note of hand to P Erard for
£100 -

I only noticed these passages
the other day when I noted them
down for you -

I have obtained some of
the old music I advertised for and
when I am in London I purpose
calling upon you with a few pieces

for Mr Monley's inspection.

Yours very truly
Sebastian W. Meyer
