FEATURES

An affordable travel harp packed with innovative features. The compact size, light weight, adjustable playing position and rich, satisfying tone, makes the Ravenna 26 perfect for the travelling harp player.

The clever design and construction techniques of the Ravenna 26 allow Dusty Strings to incorporate more features than are usually found in harps in this price range. These features include a stave-back soundbox for greater playing comfort and a built-in leg which drops smoothly into place for the ultimate in convenient and adjustable playing support. Together with Dusty Strings' characteristic bright, full sound; tuning stability; even string tension; modern styling and meticulous craftsmanship, these unique features make the Ravenna 26 a great value harp.
