**Anne Baring**  
**29<sup>th</sup> – 31<sup>st</sup> August 2014**

*Jungian analyst and author of 7 books including:  
'The Myth of the Goddess: Evolution of an Image' (1991),  
and 'The Dream of the Cosmos: A Quest for the Soul' (2013)*

*The retreat will explore the nature of the Feminine and the three phases of our relationship with it: the Lunar Phase of original participation, the Solar Phase of separation, and the Stellar Phase of conscious reunion. Awakening to the Feminine, in both men and women, represents a new awareness that will help us heal ourselves, and create a new kind of civilization based on a conscious relationship with the Earth and the Cosmos.*
